QUESTION 147

#bcopendiscussion

We had rolled out a client about 3 weeks ago.

They use Service Contracts extensively with 80 000+ Service Contracts.

They had processed the first month's invoices and sent out the invoices via email with PDF attachments.

The number of invoices & emails match about the number of records in table 2000000184

Only in these 3 weeks had the DB grown already 36GB in this table 2000000184 alone.
